SUDDEN GARDENS!

DIY... after the hardest work is done

LOCAL SUSTAINABLE

GROW YOUR OWN!

ORGANIC - NUTRITIOUS - HOMEGROWN

If you are ready to garden, but don't want to create the garden bed, call Stan! He'll create a great space for you in less than a day and you'll be ready to plant.

NO-TILL GARDEN ALSO AVAILABLE

Gardening is rewarding, thrilling, and sometimes just plain hard work. Especially creating the garden: tilling the soil the first time, adding high-quality compost and other amendments and removing rocks, roots and debris.

That's where Sudden Gardens comes in! Stan is a long-time organic gardener. **He will come to your place, discuss where you want your garden, answer any questions you have, and then get to work.** When he leaves you will have fabulous soil in a ready-to-plant garden bed, some fertilizer and mulch, a list of resources, and an idea of what to do next to get your garden growing!

New Garden Package-

- Tilled garden bed up to 100 sq ft, 6" deep, ready to plant
- 600 pounds of compost tilled in
- 40 pounds of Gypsum tilled in
- Bale of Straw mulch
- Handout of resources and garden basics, plus a personal consultation
